

A Day of Experimental Drawing With Christine Allison

Saturday 29th June - Loder's Village Hall - 10am-4pm

Line, tone, pattern, texture, scale, composition, form... the joyous basic elements of drawing ...in a jam jar ;-)

Please fill a jam jar with 'stuff' ...it doesn't matter what you put in it! Mine has... paper, pasta, seed heads, dolly peg, coins, buttons, string, thread, barley, a plastic tiger, a perfume bottle, cotton buds and whatever else I could find.

Bring your jam jar with you.

Also bring loose sheets of paper, pencils, charcoal, pen & ink, a ruler and anything else you fancy. Christine will bring paper & materials to share too.

Be prepared to surprise yourself at what you can do with a jam jar of stuff, a bit of paper, a few marks and an open mind.

I look forward to sharing a creative day with you, best wishes, Christine.

Exploring and experimenting with materials and mark-making
